Purchase of a Residential Freehold Property

Price Information

Our charges will be calculated mainly by reference to the time actually spent by the solicitor and other staff in respect of any work which they do on your behalf. This may include meetings with you and perhaps others; reading, preparing and working on papers; making and receiving telephone calls; emails and faxes; preparation of any detailed costs estimates and bills and time necessarily spent travelling away from the office.

Routine letters and emails that we send and receive and routine telephone calls that we make and receive are charged at one tenth of the hourly rate. Other letters, emails and calls are charged on a time spent basis.

The current hourly rates are set out below. We will add VAT to these at the rate that applies when the work is done.

- Partners: £240.00
- Solicitors: £230.00
- Legal Executives and Residential Conveyancers: £200.00
- Trainee Solicitors: £165.00

These hourly rates will be reviewed periodically to reflect increases in overhead costs and inflation. Normally the rates are reviewed with effect from 1st April each year. If a review is carried out before a particular matter has been concluded you will be informed of any variation in the rate before it takes effect.

In cases involving particular complexity or requiring specialist expertise an additional charge may be made to that calculated on the basis of time spent. This may have regard to the price of the property or other financial benefit. This value element reflects the importance of the transaction and consequently the responsibility falling on the firm.

If for any reason a matter does not proceed to completion, we will be entitled to charge you for work done on a time spent basis and for the expenses, sometimes called disbursements, incurred. Property sales and purchases which fail to complete often involve as much work as those which reach completion.

Disbursements are costs related to your matter that are payable to third parties such as search fees, Land Registry fees for registration of transactions, Stamp Duty Land Tax (England) and Land Transaction Tax (Wales). We handle the payment of disbursements on your behalf to ensure a smoother process.

* Assumptions

Our minimum fees and the disbursements outlined above are based on the following assumptions: -

- The property is sold with vacant possession on completion;
- Title to the property is registered at the Land Registry;
- Where the transaction relates to the sale or purchase of a residential freehold property it is assumed to be the transfer of an existing house and not a transfer of a new build;
- The transaction is concluded in a timely manner and that no unforeseen complications arise;
- All parties to the transaction are cooperative and there is no unreasonable delay from third parties providing documentation;
- No indemnity policies are required. Please note additional disbursements may apply if indemnity policies are required;
- There is no lack of the required consents in relation to the construction of the property and all alterations

** Stamp Duty Land Tax (England) or Land Transaction Tax (Wales)

This depends on the purchase price of the property and your other circumstances. You may calculate the amount you will need to pay by using the HMRC "Calculate Stamp Duty Land Tax" (SDLT) website if the property is in England or by using the Welsh Revenue Authority "Calculate Land Transaction Tax" (LTT) website if the property is in Wales.
